PROFILE

As a Computer Science and Engineering student with a dedicated focus on Machine Learning and Data Analysis, I am eager to apply my analytical and data-driven skills to a Data Analyst internship. With a strong academic foundation in data analysis, statistical modeling, and programming, I possess the technical expertise necessary for extracting valuable insights from complex datasets. My coursework in AI/ML has equipped me with a deep understanding of data manipulation, predictive modeling, and data visualization techniques.

SKILLS

Python	Version Control	Proactive and self-motivated
Java	Machine learning	Exceptional organisational skills
R programming	Data Analysis and Visualization	
Web Development	Communication	

EXPERIENCE

Codegnan

Machine Learning Intern

May 2023 - July 2023

Developed a robust Machine Learning model to combat vehicle insurance fraud. Achieved high precision in fraud detection through advanced analytics, data preprocessing, and real-time monitoring. Collaborated cross-functionally for seamless model integration.

EDUCATION

Dhanekula Institute of Engineering and Technology-Ganguru

Bachelor of Technology

CGPA-7.58

2021- present

Narayana Junior Collage-vijayawada

Intermediate(MPC)

GPA-9.1

2019-2021

Abhyasa vidhyalayam-Vijayawada

Secondary Education

GPA-9.3

2018-2019
